This morning Mr Leo Brincat and Dr George Marius Hyzler, outgoing Member and incoming Member of the European Court of Auditors respectively, made a joint visit at the National Audit Office, Floriana. On their arrival, they were greeted by Mr Charles Deguara, Auditor General, and Mr Noel Camilleri, Deputy Auditor General.

In a short welcoming address, Mr Deguara conveyed his Office's appreciation for the extensive collaboration extended by Mr Brincat during his six year tenure as a Member of the Court, as evidenced by the various joint NAO-ECA activities organised throughout these years. At the same time, he congratulated Dr Hyzler who last month commenced his new duties as a Member in Luxembourg. Mr Deguara reiterated the NAO's commitment to enhance even further the already excellent working relationship with the ECA, considered one of the key stakeholders of Malta's national audit institution.

Indeed, this morning's meeting focused on new initiatives aimed to ensure that the working relationship between the two institutions, whose principal objectives, work methodologies and international auditing standards followed are practically identical, continue to be strengthened.
